**NEW CERTEC® INLINE**  
Compact turbo filter system

**Ultimate drinking water protection with innovative technology**

Our filter system offers maximum reliability and ease of use. With innovative technology and unique properties, it ensures clean and safe water at all times.

- + LILIE Push-and-Connect: change cartridges in a flash
- + Bioelectro-DEPOT Plus for very high protection against germs with an efficient antiseptic and antibacterial effect
- + Special activated carbon made from organic coconut
- + Extremely high molecular sieving and broadband absorption
- + Highest possible flow rate with maximum filtration performance
- + Minimised pressure loss
- + Integrated venting function
- + Systematically modular in the LILIE WeißGELB® drinking water system
- + Unique, integrated filter system
- + Patent-protected

**COMPLETE SET**  
**EUR 199**

RRP incl. VAT

**Complete set (#20550 straight, #20555 angled), consisting of housing (#20552), 6-in-1 cartridge (#20551), holder (#20553), 2 x LILIE Push-and-Connect valve adapter and quick-release coupling (#60050), cardboard box and manual.**

**Housing**

Compact, easy to operate and reliable, highest possible flow rate, minimised pressure loss.

Art. No.	#20552
Dimensions in mm	H160 x W120 x D120
Weight	700 g
Housing	LM T117 (POM)
Max. inlet pressure	7.6 bar
Highest possible flow rate	14 litres/min
RRP, incl. VAT	EUR 79.00

**6-in-1 cartridge**

Extremely high filtration performance, special activated carbon made from organic coconut, extremely high molecular sieving, uniquely germicidal.

Art. No.	#20551
Dimensions in mm	H125 x W70 x D70
Weight	325 g
Material	LM T101 (PP), LM T107 (EPDM)
Filter medium, how it works	CERTEC® ceramic, Bioelektro-DEPOT+, self-regulating, high flow rate, activated carbon, germicidal
Retention value	0.3 µm
Service life	15,000 litres or 6 months
RRP, incl. VAT	EUR 69.00

**Holder**

Robust, made of stainless steel for easy attachment.

Art. No.	#20553
Dimensions in mm and weight	H75 x W130 x D90, 340 g
Material	Stainless steel
RRP, incl. VAT	EUR 29.00

**LILIE Push-and-Connect valve adapter and quick-release coupling**

Quick and easy assembly, long-term and reliable sealing at high flow rates, hose connection with an inner Ø of 10 mm, pressure-resistant and leakproof up to 5 bar.

Art. No.	#60050
Dimensions in mm and weight	Quick-release coupling: H82 x W33 x D18, 15 g Valve adapter: H74 x W34 x D34, 15 g
Connection	10 mm / ½" inner thread
Material	LM T117 (POM), LM T107 (EPDM)
RRP, incl. VAT	EUR 13.50

DRINKING WATER SYSTEM  
WeißGELB®

**Clean drinking water. Always. Everywhere.**

**CERTEC® 3-IN-1**  
**CERTEC® INLINE**  
Water filter systems

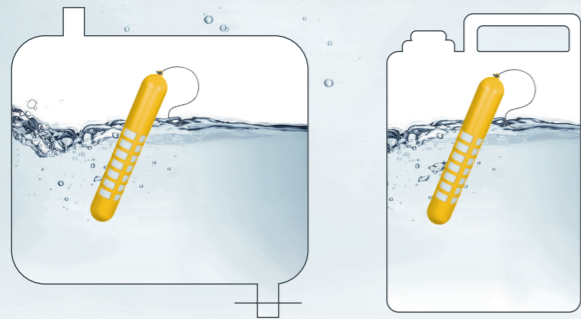

LILIE.COM

# CERTEC® 3-IN-1

## Filter capsules with triple effect

### Protects your fresh water in the tank

Enjoy clean, vitalised and safe water. Rely on state-of-the-art technology and superior effectiveness for your health and well-being. Always. Everywhere.

CERTEC® 3-IN-1 floats on the surface of the water like a buoy. It can be easily fished out of the tank at any time with the nylon cord, which is made of material that is certified for drinking water.

## Unique and high-quality materials for pure water quality

### CERTEC® ceramic: the natural barrier

The porous structure of the CERTEC® ceramic imitates the natural filtration processes of spring water. With a surface area of 1,050 m<sup>2</sup>, it attracts bacteria like a magnet and eliminates them at its sharp edges.

### Bioelectro-DEPOT: antibacterial activation

The LILIE LV1098 method generates a weak electric current of 0.06 mA, which releases negative ions. These ions attach themselves to germs, have an anti-septic and antibacterial effect and vitalise the water with mineral microelements.

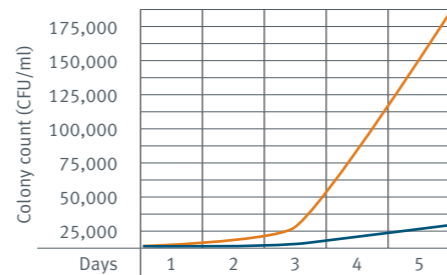

### Self-regulating: perfect metering

The system always ensures optimum metering without the risk of over- or undermetering.

## Proven: 80 % fewer germs within 5 days

Lab tests of the bacterial colony count in the water tank have shown that CERTEC® 3-IN-1 reduces 80 % of the germs in the water tank (by 137,000 germs/ml) within 5 days:

■ with CERTEC® 3-IN-1 ■ without filter

For further information, please refer to our LILIE 2024 main catalogue

## 30, 100 or 200 litres – suitable sizes for all water tanks

- + Use in any type of fresh water tank (e.g. also aquariums, drinking water dispensers, etc.)
- + With practical nylon cord and inspection sticker
- + Lasts up to 12 months

RRP from  
**EUR 17.50**  
incl. VAT

CERTEC® 3-IN-1 – 30 litres	
Art. No.	#20520
Dimensions in mm	H147 x W22 x D22
Weight	25 g
Housing	LM T101 (PP)
Filter medium	CERTEC® ceramic, Bioelektro-DEPOT
Suitable for	Vessels/tanks up to 30 litres
Service life	9,000 litres or 12 months
RRP, incl. VAT	EUR 17.50

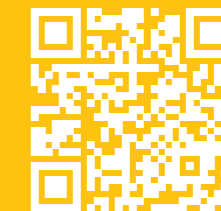

CERTEC® 3-IN-1 – 100 litres	
Art. No.	#20521
Dimensions in mm	H147 x W22 x D22
Weight	27 g
Housing	LM T101 (PP)
Filter medium	CERTEC® ceramic, Bioelektro-DEPOT
Suitable for	Vessels/tanks up to 100 litres
Service life	30,000 litres or 12 months
RRP, incl. VAT	EUR 27.50

CERTEC® 3-IN-1 – 200 litres	
Art. No.	#20523
Dimensions in mm	H147 x W22 x D22
Weight	29 g
Housing	LM T101 (PP)
Filter medium	CERTEC® ceramic, Bioelektro-DEPOT
Suitable for	Vessels/tanks up to 200 litres
Service life	70,000 litres or 12 months
RRP, incl. VAT	EUR 38.50

All CERTEC® products are available from well-stocked specialist dealers. And online, too, of course.
