Certec® ceramics
+ Bio-Elektro-DEPOSIT
= extracts germs without silver

For
sports and
on the way

WaTu®
by **Certec**®

**Improves the taste,
protects and vitalizes water**

- ✓ Keeps drinking water fresh
- ✓ The water can remain in the container, just refill it
- ✓ Vitalizes the water with minerals
- ✓ Vitalizes up to 3000 liters of water

3L

Trinkwasserver-
ordnung DIN 2001-2

effectiveness approved

WaTu[®] by Certec[®]

WaTu[®] by Certec[®] is the small filter capsule for your sports bottle, drinking water container and hydration pack, while cycling, hiking or walking – everywhere you need pure and filtered water! WaTu[®] by Certec[®] provides you with clean water of a good quality.

The unique material combination consisting of Certec[®] ceramic and Bio-Electro-Deposit protects your water, vitalizes it with minerals, and is self regulating.

And this is how these unique elements work:

Certec[®] ceramics
• mineralizing

Certec[®]-CERAMICS

Spring water runs through several sediment layers before it emerges at the surface. This filter serves as a model for the patented Certec[®] ceramic. Under a microscope its porous structure resembles a gigantic maze. It attracts mucigenous bacteria like a magnet because they prefer huge surfaces to multiply.

Bio-Electro-DEPOSIT
• ionizing

Bio-Electro-DEPOSIT

The special Lilie method LV1098 produces a low electric current of 0.06 mA (Bioelectricity). It releases negative ions, electrolyzes, and activates the water. It has an antiseptic and antibacterial effect and releases mineral micro-elements.

Simply SELF-REGULATING

This process is self-regulating and consequently ensures an optimal dosage. This way, overdosing or under-dosing is impossible.

Materialnumber: # 20519

Dimensions	H42 x B22 x T22 mm
Weight	7 g
Housing	LM T101 (PP)
Medium of filtration	Certec [®] -ceramics, Bio-Electro-Deposit, Self-regulating
Suitable for	Containers up to 3 liters
Lifetime	3.000 liters or 6 months
Suggested retail price (incl. VAT)	9,90 €

Visit www.certec-filter.com for further information about Certec[®].
